

Disclaimer:
For Screen or Digital printing, the Pantone/CMYK colours may vary from the exact value within a range of +/- 10% due to the printing process and material used. These variations are inherent in the process and should be considered as valid by the customer.
For more accuracy in colour matching, we require a paper original to be sent to us, this in turn will result in longer deliverytimes.

Please check the artwork carefully and return your approval. Please note that your approval will be considered contractual.
The delivery time is calculated after approved artwork/photo sample. Artwork is to be opened with a correct graphics software such as Illustrator.

TR1794 Ipad Stand
410 x 1880 mm Visible Size
430 x 1910 mm Full Size (Including Bleed Zone)

 Safety Zone
